

18 October 2023

The IXOM logo is displayed in a bold, black, sans-serif font. It is positioned to the left of a large, abstract graphic composed of several overlapping teal-colored geometric shapes, including triangles and polygons, which form a stylized, modern background element.

IXOM acquisition integration update for NZ Customers

Dear valued customer

As you might be aware, IXOM acquired SCR Solutions in December 2021 – SCR are the leading local manufacturer and distributor of AdBlue for diesel powered vehicles, we are taking steps to integrate SCR into our IT Systems on Nov 6th.

There will be no impact on you, but you will notice the dual branding of Ixom and SCR logo on documents you receive from us, including our Customer Statements, Sales Order Acknowledgements, Invoices and Delivery Dockets.

Important News: This is a great opportunity to let you know that if your business uses diesel exhaust fluid/AdBlue additives, you can get them from Ixom SCR, (call 0800 14 56 76) we offer:

- Nationwide reliable bulk delivery service
- Full range of packaged product options
- Security of supply
- Quality product - VDA and ISO 9001 certified
- Local responsive service from our team
- Storage equipment supply, support and service

If this is of interest, please let us know how we can assist you.

Regards,

A handwritten signature in blue ink, appearing to read 'Sean Eccles', is placed above the printed name and title.
